

Match report – Leeds Schools U12's vs East Riding 11/01/20

The Leeds school's U12 team started the New Year with a win at home to a feisty East Riding side placed just above Leeds in the league.

East Riding took an early lead, a wind assisted free kick floating over the Leeds keeper from 25 metres out. The home side fought straight back into the game, Carmelo Brandao equalising and Rudi Clarke taking advantage of loose defending from a corner to take Leeds into the lead before East Riding drew the match level once more just before the break.

The second half of the match was much more one sided and Leeds took advantage of the increasing frustration of the visiting team. A second from Carmelo Brandao, a penalty from Riley Grimes and a fifth from Lucas Alexander all unanswered by an East Riding team reduced to 8 men.

The 5-2 result was the same score as the reverse fixture in September and moves Leeds above East Riding in the league.
